Pricing Guide

We appreciate your interest in Pace Learning Systems! This Pricing Guide contains options for individual titles, in 3-book or 5-book packages, as well as complete classroom solutions with our learning system sets. If you are looking for lessons to complete your curriculum, as additional remediation and practice to supplement your program, or to build your own Pace System, refer to pages 2-13. Pace System Sets, seen on page 14, are self-contained and include 3 copies of each title as well as diagnostic pre/post-testing, mastery testing, and management materials.

Design Your Own Pace Learning System

Build your own Pace System! Select from over 300 self-paced tutorials in all core academic areas. Mix and match lessons by subject area, reading level, or test standard.

- Tools for targeted remediation with TABE®, GED 2014®, HiSET®, and CCRS, or Pace diagnostic and mastery testing. Pace systems are designed to adapt easily to any test standard or educational framework.
- Pace lessons are truly self-paced, in-depth tutorials designed specifically for adult and youth learners in basic education programs. Pace instruction is ideal as a remedial supplement for pre-HSE and HSE preparation.
- Choose from over 300 titles at 2nd-10th grade reading levels in all core academic areas. Multiple forms of Mastery Testing, aligned to the instructional text, are available for each title.
- Simple, structured resources that are easy to use with volunteer teachers, aides, and tutors.
- Refined lesson tutorials, developing basic skills effectively and efficiently since 1977.

I have found the (Pace) materials to be wonderful for dependent learners, students with fluctuating schedules, and more methodical learners...these students need the step-by-step instruction at which Pace Learning is so good.

I have noticed that using the Pace system helps them build their self-image as learners.

~Adult Educator, Fannin, GA

At Your Own Pace Series

At Your Own Pace bridges the gap from literacy to basic education – its bite-size, scaffolded instruction ensures basic skills proficiency and develops independence and self-pacing skills that will aid progress at the next level.

Pace Learning Systems' unique programmed tutorials allow the student to focus on one skill, step by step, until it is mastered. This approach maintains motivation through immediate feedback and consistent, reliable progress.

The specially designed lessons in At Your Own Pace ensure **successful self-paced learning at low independent reading levels**, in basic skills that are core to any basic education

Accelerated Learning Lab (ALL)

The **Accelerated Learning Lab (ALL)** curriculum features the same unique instructional design as the At Your Own Pace Series, with more in-depth instruction. ALL system sets also incorporate prescriptive assessment systems in each subject area. This program is designed for learners in basic education, pre-HSE, or in preparation for high school equivalency testing.

Life Skills 25

Personal and Interpersonal Soft Skills Development

Communication skills, interpersonal skills, strong character, emotional intelligence, and other "soft skills" are most lacking in the workforce, especially among youth and young adults. For the unemployed, increased technical skills and academic skills can open new doors to employment. These "soft" Life Skills will open doors beyond — to promotion, continuing education, and happy, successful living.
